We are proud to host the third edition of the World Company Sport Games that will take place in Athens, Greece from 17 to 21 June 2020!

The Company Sport's heart will be beating in Athens uniting companies and people from 5 continents, demonstrating in the process the beneficial effects of company sport, whilst carrying a strong message to the whole world:

"Company sport is not just a sport event: It's a need!"

Following two successful editions of the World Company Sport Games in 2016 and 2018, in Palma de Mallorca and La Baule respectively that welcomed thousands of athletes from across the world, Athens is ready to welcome back companies and competitors that take part repeatedly in the games and inspire new ones to also participate in this vibrant event.

28 SPORT DISCIPLINES IN OLYMPIC VENUES

The Olympic Athletic Center of Athens – O.A.K.A., the Official Sports Venue of the Olympic Games 2004, will proudly host the World Company Sport Games 2020! Participants will have the opportunity to compete at the unique facilities of the Olympic Athletic Center of Athens and at other specially selected athletic venues.

The Organizing Committee of the 3rd World Company Sport Games will host the Opening Ceremony in the "Panathenaic Stadium", the historical stadium that hosted the first modern Olympic Games in Athens 1896, providing a unique experience to the participants. The Closing Ceremony and Every Day events will be hosted in a festive atmosphere in the "National Athletic Club of Athens- Ethnikos".

GREECE, BIRTHPLACE OF THE OLYMPIC GAMES

For the first time in the history of the World Company Sport Games, participants will compete in one of the most prestigious and globally acknowledged sport centers that showcases the best of the Greek Olympic Heritage!

Athens, surrounded by a lining of stunning seas and mountains, is a safe and travel-friendly city filled with treasures just waiting to be discovered: renowned archeological sites, modern and classical art museums and galleries, spas, chic shops, restaurants and bars, street markets and bazaars, open-air cinemas, sandy beaches, picturesque Greek islands in close proximity and 300 sun-drenched days.

The World Company Sport Games are an important institution and it is a great honour for our country to be hosting this outstanding event, the 3rd World Company Sport Games. These Games have a significant impact at the image of our country as a sport travel destination. It is a great opportunity for the hospitality industry of our country to provide once more excellent services to the participants. The Ministry of Tourism emphasises the importance of thematic tourism, such as Health and Well-being tourism. This is why we support this effort in every possible way in practice.

We are glad that our country is hosting an event with the participation of more than 7000 athletes from 45 countries; an event at which dozens of individual and team sports will be held, an event that brings us all closer to sports, and reminds us of the significance of values such as Fair Play. I warmly wish that this 3rd event of the World Company Sport Games will be successful and that they maintain their leading role in years to come. In our capacity as political leaders we will always support such initiatives and efforts. Good luck!

Charis Theocharis
Minister of Tourism

It is a great honour for our country, the cradle of sports and the Olympic Games, to be hosting the 3rd event of the World Company Sport Games, an event to enhance the principles and values of sports within the work environment.

Greece has a long tradition in excellent organisation of world events in all sports, team or individual, which culminated in the 2004 Olympics and Paralympic Games. Athens, a pole of attraction for hundreds of thousands of tourists from around the globe, is also growing in the sport tourism sector, and is to become an excellent destination for Corporate Sports, turning employees' participation in sports events into an absolute once-in-a-lifetime experience.

Olympic champions, veteran world champions, and amateur athletes are sending the message that at work, just like at sports, fair play, mutual respect and cooperation lead to admirable results.

Furthermore, the World Company Sport Games will present a unique opportunity to upgrade entrepreneurship and the constructive exchange of ideas and expertise between employers and employees from the entire world.

I wish good luck to all participants and organisers and may our guests have a productive and pleasant stay in the historic and beautiful sites of Athens.

Lefteris Avgenakis
Deputy Minister for Culture and Sports

The Region of Attica hails the organisation of the 3rd Event of World Company Sports Games 2020 in Attica. This important celebration of sports is the third largest event to be held in our country following the Olympics and the Special Olympics; it is a unique opportunity for Greece to promote its comparative advantages in the Sports sector.

Additionally, thousands of athletes from around the world will have the opportunity to experience the athletic facilities of the 2004 Olympics, in the country that was the birthplace of world sports.

It is a well-documented fact that a sedentary lifestyle and modern working conditions have a negative impact of citizens' daily life.

Corporate Sports offer a significant incentive for citizens to incorporate sports in their lives, so as to improve their morale, to prevent diseases and to increase productivity and adopt a healthy lifestyle.

The Region of Attica will continue to support and encourage the organisation of such significant sports events as the World Company Sport Games; our top priority is to turn Attica into a Model Region of well-being and high quality of life.

I would like to conclude by congratulating everyone who contributed to the effort of organising the 3rd event of the World Company Sport Games 2020 and by expressing my warm wishes for a successful meeting.

Georgios Patoulis – Regional Governor of Attica

City of Athens in collaboration with World Federation for Company Sport and the Hellenic Organization for Company Sport & Health embraces the 2020 World Company Sport Games. It is a great honor for us all to host such an acclaimed event that records a remarkable number of athletes from all over the world. It is a great opportunity for our city to attract worldwide interest and for us to reaffirm our attitude to sports and health, as an integral part of our working environment.

We firmly believe in the quality of life within the working environment as an active cell of every society. Therefore, we welcome every pursuit that activates citizens and every initiative that stimulates the optimism which athleticism brings into our daily lives. Moreover, we embrace sports and activities which become endorsed in all parts of life: education life, family life and work life. City of Athens unites its voice and forces with the Hellenic and World Organization for Company Sport and Health in order to raise awareness of a common goal: to change our daily schedule and add value to moments: to the countless moments that we invest at work. All these moments can surely be filled with sports, entertainment but above all with a healthy lifestyle that should be our enduring pursuit.

We are thrilled and proud that for the first time, the World Company Sport Games will be hosted at Olympic venues, at the birthplace of the Olympics!

Kostas Bakoyannis - Mayor of Athens

I would like to welcome to Greece an athletic event so significant and internationally acclaimed as the World Company Sports Games. The Games are to be held in Athens and the Region of the Peloponnese from 17 to 21 June 2020.

It is with great satisfaction for me personally, and for all citizens of our Region, to be holding the golf games in the most modern and dynamic tourist resort, in the beautiful land of West Messenia, namely, at Costa Navarino.

I am absolutely certain that the athletes hosted at Costa Navarino from 18 to 20 June – and all other tourist resorts of Messenia – will enjoy not only their sport, but also their stay, on many levels, in one of the most attractive parts of the Peloponnese; they will have to opportunity to visit a place closely associated with ancient and modern Greek history. It is a land of natural beauty and rich history with an abundance of ancient monuments and impressive castles, among other sites.

A land where traditional hospitality and the excellent and widely known Mediterranean diet – based on the top-quality products of Messenian and Peloponnesian origin, first among them being olive oil and wine – will offer participants memorable life experiences and unforgettable memories.

We are looking forward to welcoming you to the land of myth, the land of history.

Panagiotis Nikas – Regional Governor of Peloponnese

WFCS and company sport purpose and activities are today clearly related to a need expressed by both the employees and employers. Whether it is for social issues, management, corporate culture, networking, productivity or health, the positive impact of physical activity within the workplace is now recognized. World Company Sport Games are now the symbol and major star product to promote the development of company sport.

From 17th to 21st June 2020, Athens will be the host for the third World Company Sport Games. A new important step in the recent history of the Games, in the historical ground of the first Olympic Games and a few years after the 2004 Athens Olympic Games edition.

The choice of the city of Athens and Greece was based on an exemplary application. The total involvement of the city, associations and sports sector as well as the tourism and economic industry, guarantee us that everything will be done to host you in perfect conditions. Athens and Greece, one of the most inspirational and magnificent places in Europe and the World, benefit from accommodation infrastructures that will guarantee you a wide range of choice as well as a high number of quality sport facilities that will enable you to practice sport in perfect conditions.

So confident and enthusiastic, I warmly invite you to come to Athens in 2020 for great moments of friendliness, fair play and sport performance.

ATHENS

Surrounded by a lining of stunning seas and mountains, this safe and travel-friendly city is filled with treasures just waiting to be discovered: renowned archeological sites, modern and classical art museums and galleries, spas, chic shops, restaurants and bars, street markets and bazaars, open-air cinemas, sandy beaches, picturesque Greek islands in close proximity and 300 sun-drenched days.

ARTS & CULTURE

The city's rich classical tradition and its geographical location - at the crossroads of cultures - have always lent it a formidable platform for artistic expression. That high regard for the arts continues today, with a mushrooming of modern innovations. Every year, the city's cultural calendar presents exhibits and festivals of international scope, original productions and notable artistic happenings.

SIGHTSEEING

Athens takes the fuss out of sightseeing. It is a user-friendly town thanks to the pleasant demeanor of the English-speaking Athenians and the easy to use and manageable transportation system. The visitor can see a lot in one day. Archaeological Sites & Classical Greek Monuments, Byzantine Monuments & Ottoman Monuments, Museums, Art Galleries, street performances, festivals. For all people visiting Athens, the Acropolis remains a "must see", along with Panathenaic Stadium for the sport's side of ancient history.

THE ACROPOLIS - THE PARTHENON

A monument that constitutes the symbol of Greece worldwide, stands on the "sacred rock" of Athens, the Acropolis. The Parthenon, a marble temple dedicated to Goddess Athena, along with the other monuments of the Acropolis, are all excellent pieces of art, reflecting the Classical period and the Golden Age of ancient Athens in the 5th and 4th centuries B.C.

PANATHENAIC STADIUM

Originally built in the 4th century B.C. for the athletic competitions of the Great Panathinaia (ancient Greek festivities), the Panathenaic Stadium took its final form during its most recent restoration at the end of the 19th century. It is made of marble and the Greeks also call it "Kallimarmaron" (meaning "made of beautiful marble"). It was the venue for the first modern Olympic Games, in 1896.

Do not forget that Athens is one of the few European cities where you can visit a museum during the day and jet off to a nearby island at night.

GETTING AROUND

A state-of-the-art metro system, wide avenues, an efficient public transportation system and a compact city center, all make moving around Athens easy and convenient. The Athens transportation network now includes new buses, pollution-free trolleys, tram and a revamped electric railway system that connects to two metro lines. Piraeus's port, in short distance from the Athens city center, serves national and international sea lines. The modern highways make driving to and from the city, a pleasant experience.

GASTRONOMY

Gourmet and traditional Greek cuisine in the past decade, has become one of the most popular in the world as it has been proven to provide a flavorful healthy and balanced diet. Culinary aficionados are encouraged to delight in the myriad of sophisticated restaurants that boast tastes and interiors inspired from all parts of the world. The local and traditional outdoor seaside taverns and cafes are plentiful and a cultural mainstay.

SHOPPING

Shopping in Athens, a showcase for its traditional and modern culture and lifestyle, can be a fascinating and satisfying experience for all. Amidst the many well-known international name brand outposts and traditional Greek art and folklore shops, are hundreds of chic boutiques and specialty stores blossoming with great fashion finds for every taste and budget. Make sure to stop in at one of the many wonderful year-round outdoor cafés and restaurants to make your experience of shopping in the Athenian way, complete!

SEA & SUN

Athens is the only European city surrounded by pristine beaches, where you can swim for many months during the year. Visit a beach in Athens and you are likely to feel like you're on a Greek island, as you are greeted with stretches of crystal sands, fine pebbles and breathtaking, blue clean waters. Some beaches boast barren rocks and cliffs that carve caves and coves you can explore. Other beaches have floating bars, music and seaside spas, while others are secluded for romance. Most offer beach amenities, such as lounge chairs, umbrellas, lifeguards, fun playgrounds, restaurants and water sports for all ages.

In Athens, enjoying a sunset stroll or a seaside meal is a part of daily life. Walk on the many Athenian esplanades lined by tropical palm trees. Beach hopping is made possible by the new tramway. Hop-in from the center of Athens and watch the sun set over the Saronic Gulf.

PELOPONNESE & OTHER DESTINATIONS

Monuments from every period of the eventful Peloponnesian history, great archeological sites such as ancient Olympia, Epidaurus, Mycenae and Tirynth, Byzantine churches, natural beauties such as mountains, forests, rivers and caves surrounded by the sea, sandy and smooth coasts on the west - rocky and dentelated on the east, make this part of Greek land ideal for holidays, touring, sports and connecting to the history and culture.

Especially during the summer season many tourists travel to Peloponnese from all over the world to explore it.

Peloponnese with its gulfs in Korinthos, Patra, Saronic, Messinia, Argolida and Laconia looks like a plane tree leaf and that is why it was formerly called "Morias". It has dry climate on the east, cold, snow and rich vegetation in its central and mountainous parts and rain and heat on the west.

People settled in Peloponnese since the middle Paleolithic era (circa 100.000 years B.C.). The Greek civilization began during the Copper era and after 2000 B.C. came in the area the First Greeks. Few centuries later, Mycenaeans are the center of Greek world. Excavations verify the legend of Homeric Mycenaeans, while the ruins in Pylos match the references for the well-known King Nestor's palace in west Peloponnese.

In 1200 B.C. Dorian and Aetoli arrive in Peloponnese and construct Korinthos, Argos and Sparta. The Olympic Games where athletes from all over Greece participate take place in Olympia every four years. After centuries, Phillip the Macedonian arrives in Peloponnese and then the Romans. In 393 B.C. the Byzantines abolish the Olympic Games, in 1294 arrive the Franks and later the Turks. In 1827 after the sea battle in Navarino ends the Ottoman/ Egyptian occupation and Peloponnese becomes the first part of new independent Greece.

THE BEAUTIFUL MESSINIAN REGION

Messinia region, located in the southwest of Peloponnese, is a breathtaking land, full of contrasts. Sandy beaches and beautiful blue waters are combined with valleys, olive groves and mountains. At the surrounding areas, visitors can explore fascinating castles, picturesque villages with stone built houses, introducing the unique architectural tradition, and the unique wild beauty of Taygetos mountain.

KALAMATA

Kalamata, the capital of Messinian land, is a lively city holding a strong cultural and historic past. Urban reconstruction has improved the city centre, where cultural events take place and are considered of great importance, such as the Kalamata International Dance Festival which is particularly popular. The town is filled with plenty of different entertainment options; mezedopolia (small tavernas serving traditional tidbits), cafés and clubs will assure your amusement. Wander through the old town's narrow alleys, take a stroll to the main square leading to a park, the harbour and the beach.

LOUTRAKI, HERAION & HERAION (VOULIAGMENI) LAKE

Loutraki is located in the entrance of Mythical Peloponnese, only 80km away from the capital city of Greece, Athens. Loutraki is renowned for its thermal springs, famous since Antiquity, when the city was called Thermai, in honor of Thermia Artemis. The region is also visited for its Casino and appreciated for its natural mineral waters. At a short distance from Loutraki, you will encounter the cape of Heraion of Perachora also known as Melagavi. The cape stands alongside one of the largest lighthouses of the Corinthian Bay. Important relics of the early Corinthian Civilization have been discovered in the area. The sanctuary of goddess Hera, located at the depth of the harbour, near the rocks on which the current lighthouse is built, was of great importance in its time.

MESSINIA

Messinia is the land that will take your breath away! Messinia is full of contrasts and welcoming inhabitants and is only two hours drive away from Athens. Kalamata, the capital of Messinian land, is a vibrant city holding a strong cultural and historic past. Towards the south part of Messinia don't forget to visit Ancient Messene and the Ancient Theatre, which has been largely restored. While you tour Messinia visit Pylos, Nestor's Palace, Methoni and Koroni. Choose your base and discover the surrounding region. For nature enthusiasts, a stop by Neda River and waterfalls is a must. Neda is the only river in Greece that holds a woman's name and is located between Messinia and Ilaia.

NAFLIO

Greece's first capital has been built in a cove in the Argolic Gulf. The town and surrounding area are endowed with a natural beauty that has remained untouched over the centuries, and bear a pristine character, traditions and a very rich history. Nafplio is one of Greece's most beautiful towns, a favorite destination for a short distance weekend getaway. Nafplio is enveloped in a romantic atmosphere that you will feel as you get acquainted with the town's history.

CHALKIDA

Chalkida, the capital town of Evia, is also called the "weekend island"! It could very well be seen as a suburb in the outskirts of Athens as a 45-minute drive – past the impressive High Bridge – will get you there. Have a coffee break by the seafront – a favorite place among the young – and enjoy the view of Evripos straits.

SARONIC ISLANDS

The Saronic islands of Aegina, Poros, Hydra, Spetses and Methana are the most popular sailing destinations, along with the east coast of the Peloponnese and the nearest cycladic islands of Kea (Tzia) and Kythnos. In the Argosaronic gulf and along the east coast of the Peloponnese you can make use of superb sailing and well-organised port facilities in the historical cities of Nafplio and Tolo as well as marinas in Porto Heli, Astros and Leonidio.

In the serene atmosphere of the islands you will see what real Greece is all about while you mingle with the locals in tavernas and kafeneia (traditional cafés).
